

Florida Kidney Disaster Coalition ALL-HAZARDS EDUCATIONAL SERIES

The Florida Kidney Disaster Coalition (FKDC) is pleased to announce an exciting opportunity for disaster education. This educational series will inform Floridians about disasters that are likely to happen in our area. There are more everyday dangers to Florida than just hurricanes!

This series was originally sent out as weekly fax blasts to all Florida dialysis and transplant facilities. The facilities were encouraged to collect each weekly fax blast and compile in a notebook. The completed series will serve as an All-Hazards handbook.

Facilities are encouraged to complete the pre-quiz, administer the series topics, and follow-up with the post-quiz. If you are interested in having certificates of Participation made for your employees that have completed the pre-quiz and post-quiz, please email FKDC at FKDC@nw7.esrd.net.

This is an excellent method to meet the requirement of staff preparedness/education in the new Conditions! Being knowledgeable and prepared and can be easy and fun. Join FKDC in raising awareness about all the Florida disasters.

VISION STATEMENT

The Florida Kidney Disaster Coalition is the model disaster planning and readiness organization for kidney patients by collaborating with community partners to ensure timely access to quality care.

MISSION STATEMENT

To establish and facilitate partnerships that provide a framework for disaster readiness and continuity of care for the renal community.
