## Medical Case Review Services

**FMQAI** has worked with physicians, hospitals, nursing homes, home health agencies, and patients to ensure the delivery of high-quality medical care since 1993.

**FMQAI's** experience in private and government contracts provides FMQAI extensive expertise in assisting providers in evaluating health care quality, developing and administering measures of performance, and working collaboratively with customers to achieve measurable and lasting improvement in those measures.

**FMQAI** offers competitive GSA/MOBIS pricing for services provided.

**FMQAI** performs independent medical record reviews for a variety of settings, including acute inpatient and outpatient facilities, ambulatory surgery centers, skilled nursing facilities, home health agencies, physician offices, and managed care organizations.

**FMQAI** offers the following case review services:

- Quality of Care Review
- Utilization Review
- Data Abstraction
- DRG Validation-DRG/Coding
- E/M Coding Validation
- Independent Validation of Review Outcomes
- Expert Testimony
- Mediation Focused on Health Care Quality
- RAC Preparedness

**FMQAI's** professionals have broad experience in utilization review, coding (inpatient and outpatient), and mediation:

- **Our physicians** are board certified in their respective specialties and are in active practice.
- **Our RN case managers** are experienced in all clinical settings, in the application of nationally recognized admission screening criteria, and in data abstraction.
- **Our coding experts** are AHIMA recognized and certified as RHIA, RHIT or CCS and are experienced in the interpretation and application of AHA Coding Clinic® guidelines.
- **Our mediation experts** are appropriately certified by the state in which the mediation occurs.

**FMQAI** is ISO 9001:2000 certified, has extensive inter-rater reliability processes to ensure consistent and standardized review results, and is fully compliant with HIPAA standards.
